****1. Tree Planting for a Greener Future****

Activity Report

Activity 3

This video highlights the importance of tree planting for environmental and community benefits. By restoring forests and green spaces, we contribute to SDG 15, ****Life on Land****, which focuses on protecting, restoring, and promoting sustainable use of terrestrial ecosystems, sustainably managing forests, combating desertification, and halting and reversing land degradation and halting biodiversity loss. Planting trees provides numerous benefits, including cleaner air, reduced soil erosion, and improved biodiversity.
